

Varieties and distribution of wu long tea (Oolong tea)

Wu Long Tea (Oolong) is a semi-oxidized tea, occupying the middle ground between green and black teas.

Combining the best qualities of green tea and black tea, Wu Long Tea is not only as clear and fragrant as Green Tea, but also as fresh and strong as Black Tea. If you drink Wu Long Tea, the natural aroma may linger in your mouth and make your throat comfortable.

In China,there are four source region of wulong tea.

North Fujian Wu-long | north Fujian Province, China

South Fujian Wu-long | south Fujian Province, China

Taiwan Wu-long | Taiwan,China

Guangdong Wu-long | Guangdong Province, China
